## Voters Turn Down Proposed Fire District Tax 476 To 22

## Near Tragedy Startles Springs Section And Has Aftermath

### ELECTION HELD TO CREATE FIRE DISTRICT FAILS

**Lively Tilts Marked One Sided Election at Boyes Springs; Mullen Leads In Commissioner's Vote.**

Apparently as a protest to increased tax burdens and because of indefinite knowledge of the details whereby a fire district in Sonoma Valley was to be created and operated by three fire commissioners, the election called Monday for tne purpose of validating the plan went down to overwhelming defeat.

The vote was 476 against and 22 for, although the petition asking that the election be called bore the signatures of 54 persons originally favorable to the proposal.

The three proposed fire commissioners received the following vote:

T. H. Corcoran, yes 45, no 294.

E. A. Wagner, yes 56, no 308.

R. E. Mullen, yes 60, no 285.

It was a lively day around the Boyes Springs fire house which had been designated as the polling place for the election. All the old warhorses of politics were galvanized into action and were rearing to go, most of them against the new fangled motor driven fire department for which it was proposed to expend $10,000. So heated did arguments become that a number of fistic battles were narrowly averted and the deputy sheriff was finally summoned to quell the belligerants.

Prior to the election it became apparent that opposition to the proposition being submitted was very decided, the antis giving as their reason that the increased tax could not be borne and that proponents of the idea had failed to make clear the details of the project for which they were to be taxed.

### SONOMA VALLEY CHICKS GO TO UTAH

Fred Hansen, of the Sonoma Valley Hatchery, was one of the seven large hatcheries in the county selected for permits to ship to Utah. The number of chicks to be accepted from this county was naturally limited, but as Mr. Hansen has many customers in the state of Utah, and his orders booked ahead, his chicks were given priority by the quarantine regulations committee.

Hansen shipped several thousand baby chicks this week and reports his hatches for 1924 wonderful. He has in some cases got 300 more chicks than the expected per cent.

In regard to the shipment permitted to Utah the Petaluma Argus of Tuesday said:

The state of Utah has conditionally let down the bars and admits baby chicks under certain conditions and the chicks are now being shipped by seven hatcheries. That number was selected because it would have been impossible to inspect and pass upon the products of more than that number. These hatcheries are forwarding their birds and the other hatcheries are filling orders where there are no restrictions and for the local trade.

### Pets On the County Roads Will Be Shot

Orders have been issued to county officers by the district attorney to shoot all dogs and cats carried, led or allowed to roam on state highways or county roads within Sonoma county. The issuance of the order, tightening the quarantine against the foot and mouth disease in Sonoma county follows the receipt of orders last week by the motor vehicle department to all state traffic officers to co-operate in every way with county officials in patrolling the highways in the fight against the spread of the livestock epidemic.

### DR. E. Z. HENNESSEY GOES TO HIS REWARD

Dr. E. Z. Hennessey, brilliant and beloved physician and surgeon of the city of Napa, has succumbed to an illness of long duration and was laid to rest last Saturday after solemn services at the Catholic church. Dr. Hennessey's friends in Sonoma Valley were legion and his name was a household word, always inspiring confidence and hope among those stricken with illness. He numbered among his clientele many of the most prominent families of this valley and responded promptly day or night to the call from those in need of his skilled service, even though far away. Kindly, sympathetic, cheerful and understanding, he was a credit to his profession, which has lost one of its most splendid disciples in the passing of the pioneer practitioner.

It was unselfish and unceasing devotion to his duties that brought on the acute attack of illness from which more alarming symptoms rapidly developed. Following the dread flu epidemic which kept Dr. Hennessey busy day and night, he neglected himself to such an extent that an apparently simple infection on his foot finally necessitated amputation of his leg. More insidious organic troubles then developed and for many months now he has been practically incapacitated from his loved profession, althouugh at times he returned to his office and sought to minister to hundreds of patients who appealed to him for the advice and direction he had so long been accustomed to give to them. His death has left a void in this part of California which will indeed be hard to fill. A genial soul and distinguished Samaritan has passed on.

The Napa Register says of Dr. Hennessey in reviewing his life's work:

From the time Dr. Hennessey came to Napa 35 years ago, he was a lead-

P. Lembeye, proprietor of the French Laundry, has bought the northeast corner opposite St. Francis church for a future business site. The property has a frontage of 100 feet on Napa street.

### City Trustees Must Discontinue Sewer Farm and Extend Disposal System.

As set forth in the columns of the Index-Tribune two weeks ago, the matter of discontinuing the Sonoma sewer farm and extending the sewage system to tide water is imminent. Not only is the matter imminent, but according to Mayor Bulotti, it is imperative since a mandate of the State Board of Health compels the city trustees to take prompt action. Mayor Bulotti and trustees believe that a bond issue of $20,000 or $25,000 will be necessary to carry out the directions of the authorities in order to abate what is characterized as a public nuisance and menace to health.

The state health officers declare that the sewer farm cannot be made to meet the needs of disposal, even if rectified and that the remedy is clearly to abandon the sewer farm and septic tank and carry sewage to tide water. Surveys already on file outline the course of this extension which will traverse about three miles to the system's outlet in the vicinity of Steamboat Slough. However, the board is not compelled to take this recourse only, but may decide on a filtration plant or other sanitary and scientific method to solve the problem. Exhaustive study will be made of the best and cheapest manner of meeting the demands of the authorities and to satisfy the many property owners praying for relief from present conditions.

If a bond election to make the improvement should fail of passage the city trustees would be empowered to levy a special tax.

C. G. Gillespie, director of the Bureau of Sanitary Engineering for the state says in a letter to the Sonoma council men: "Failure to pass a bond issue will result in your being compelled to rectify the conditions notwithstanding, through the public improvement acts, by direct assessment."

The matter of bonding Sonoma City for this project will be in addition to bonds already being carried for the original sewage disposal plant, for paved streets and the city hall, although the latter issue has been practically retired.

It is planned to submit a proposition of a long time six per cent bond in amount sufficient to give Sonoma a permanent and standardized system of municipal sewage.

### CITY ELECTION IS COMING MONDAY

The election of two trustees and a city treasurer for the City of Sonoma promises to make the coming Monday an interesting day of the 1924 calendar. Two trustees are to be named, the candidates being Fred Bulotti, incumbert, and Jep Valente, to succeed Sam B. Lewis.

The city treasurer contest between Will Clewe, incumbent, and Rea B. Hunter, promises to be an interesting one.

In addition the measure to authorize a tax of 15 cents for park purposes will be voted upon.

The Index-Tribune urges all voters to vote "yes" on this proposition, believing it will be the only way Sonoma will ever get its historic Plaza improved. If the proposition is voted down this time, Sonoma must endure a fox-tail field throughout this generation. The added taxes for this necessary improvement to Sonoma City will be money well spent by every taxpayer, who will not only ultimately profit by the expenditure, but may enjoy its benefits in his or her life time.

### THOMAS DENNY MAY GET JOB

(Santa Rosa Republican)

Among the list of possible appointees to the Board of Prison Directors is the name of former Superior Judge Thomas C. Denny, it was announced this week.

There are two vacancies on the board, and Governor Richardson has before him from which to select two new members five candidates for the position.

### SONOMA HIGH SCHOOL ARTISTS WIN PRIZES

Sonoma Valley High School triumphed over the schools of the six north bay counties in a poster contest arranged by the Fourteenth District P. T. A. organizations.

Sonoma won all three cash prizes, first, second and third, and also two honorable mentions.

The subject of the poster had to do with education, Parent Teacher Association, recreation and good roads. Mary Tomlinson won first prize Roy Wirtz second, and Winton Roth third. Leland Clerici and Anna Noyes received honorable mention. Special credit is due Miss Mary Bloom, instructor in drawing. The drawing are now on exhibition in the drawing room.

Superior organization and administration made possible by a new school plant is beginning to reap its reward in educational dividends.

### ANN ISADORE LEASES TAVERN

Ann Isadore, for many years head of the dining room and kitchen at Boyes Springs, has leased the Tavern at Verano from Louis Parente. Mr. Parente has let the contract for a $30,000 addition to his fine resort here, a dining room, kitchen, laundry and rooms above, to be constructed at once by Ivan Anderson, well known builder.

Mrs. Neal Dodge entertained the Bridge Club on Thursday afternoon of last week most delightfully.

**Vote for Rea B. Hunter for City Treasurer, on Monday, April 14.—adv**

### Urges Chamber of Commerce for Sonoma Valley

At a well attended meeting of the Sonoma Business Men's Association Monday night, the formation of a Chamber of Commerce with valley-wide membership was advocated. The meeting was addressed by Mrs. L. Drury and J. P. Kelly of the Sebastopol Chamber of Commerce, who told what that organization had done for Analy and how a similar body could be formed in Sonoma Valley. The speakers, enthusiastic and earnest talkers, were cordially received and their visit may bear fruit here, so leading local men believe.

### PLAZA IMPROVEMENT VERSUS SANITATION

"Mr. Editor:

"The community will decide next week if it should spend money to beautify the Plaza. Everyone interested in a happier and more beautiful city will undoubtedly vote 'yes' whether it will hurt financially or not.

"There is, however, a matter which requires serious and immediate attention, if true, and which should be clearly understood at the voting of money. Has the City of Sonoma been notified by state authorities that it must extend its sewer system to tide water? If i has not been notified, is it likely that they will be notified in the immediate future? Apparently the farmers of the Schellville district are certain that Sonoma must immediately extend its sewer system to tide water.

"If this is true, then the question comes up, 'What will it cost? Is it more urgent than beautifying the Plaza? Can we afford to do both?' Certainly if the sewer system must be extended to tide water, we will have no other recourse but to tax ourselves and do it. Personally I shall vote 'yes' to the beautification of the Plaza. Nevertheless, I believe that the public should know what is ahead of them and have an opportunity to decide accordingly.

"I am sending this letter to the Mayor of our city that he may have an opportunity to reply to same and if you find that there is no merit in my statement, I ask that you do not give this statement any publicity.

"A Tax Payer."

The above statement has merit and Mayor Bulotti comes forward with the following reply:

"The City of Sonoma has been ordered to extend its sewage system from the septic tank to tide water. The improvement will likely cost about $25,000 and will be submitted to the people as a bond proposition that future generations may help carry the burden of this permanent and necessary improvement. We have no other recourse but to tax the community in this way or directly for the improvement.

"As to its being a more urgent improvement than Plaza beautification, there is no question—it is imperative—but, nevertheless, voters should regard it in the same way that property owners regard sanitary plumbing versus their home beautification. The former must always be figured in and provided for, the latter is usually taken care of and provided for also those who take pride in roundings, and believe beat tangible value."

### JILTED LOVER TRIES TO KILL LADY AND SELF

**Joe Bellas, San Francisco Shiek, Flashes Revolver on Sweetheart; Later Attempts Own Life.**

Joe Bellas, a resident of San Francisco, who believed himself a shiek and then found himself jilted, came to Boyes Springs the forepart of the week to press his suit with his amorita. Armed with a revolver, he sought out the home of the lady and her brother and when he was unable to get encouragement that his proposed love was to be accepted, he attempted to shoot up the place. John Derganc, brother of Mrs. Pluth, the lady in the case, hastily summoned Officer Joe Ryan who arrested Bellas.

The love-lorn suitor was brought to the jail here in Sonoma, and during the night attempted to kill himself. A bottle which had been brought full of coffee for the prisoner was broken by the remorseful lover and with fragments of the jagged glass he attempted to cut his wrist and throat. Officer Ryan arrived in time to have the prisoner's wounds attended to and later Bellas was given six months in the county jail by Judge Small for carrying a concealed weapon in violation of the State Firearms Act.

### RUEFLI TO GO IN BUSINESS IN CITY

O. Ruefli has resigned his position as master baker at the Sonoma State Home and has bought out a bakery business in San Francisco on Eighteenth street. Prior to locating in Sonoma, where he purchased the Old City Bakery, now owned by M. Weiler, the Rueflis were in business in this city where they have many warm friends.

Mr. and Mrs. Ruefli took an active interest in community affairs while residing in Sonoma and will be wished every success in their new business by friends throughout the valley. In leaving Mr. Ruefli declared he had enjoyed his residence here and wished to thank everyone for the patronage and good will extended him and his family.

### WORK TO BE DONE DURING VACATION

The plans for the new class rooms and enlarged auditorium at the Sonoma Grammar School have been prepared by the architects and will be submitted to contractors during the summer vacation months so as not to interrupt school routine. The people voted $10,000 for the improvement at a recent election.

# EL VERANO NEWS

By ARCHIBALD McKIVER

One of the greatest of old time elections was staged at Boyes Springs Monday. The question whether the voters and taxpayers were in favor of a fire district was hotly contested throughout the day and from the opening of the polls to the closing, there was something doing every minute. Some of the sidelights, or sideshows, of the election were laughable and will not be forgotten for some time. Mont Akers of Schellville, and Mayor Minges had a squabble and after a combustion of hot air, both officials calmed down and shook hands. A sign on the polling place telling the voters to vote "yes" was the next bone of contention, and after some time, Bill Kearney was selected to be the human fly to shin to the top of the skyscraper and remove the sign. With the assistance of Toots Serres he succeeded in bringing down the sign. The next act was the removal of campaigners, both for and against, to the 100 feet mark. This created some little excitement with threats of arrest, and resulted in the bringing of Deputy Sheriff Joe Ryan to the battle ground to settle the dispute. Tom McMann, for the fire district, and Frank Weaver, who was decidedly against it, were the next to put on a show for the audience. "I am from Texas where they fight one way," bawled out Tom. "I am from Missouri, come on," was Frank's retort. Coats were shed and we all settled down to see a real fifight when McMann shouted: "You owe me an apology." They shook hands, with nobody hurt. In all, it was one of the greatest gathering of voters ever congregated to decide an election and although the contest was one sided, we all enjoyed it, and not since prohibition have we got such a kick out of the famous old warhorse politicians of Sonoma Valley, who certainly showed Boyes Springs that they knew how.

Mr. and Mrs. Lynch of Richmond accompanied by Miss Mary Springer of Sonoma were visitors to El Verano Sunday, continuing on to the wilds of the western foothills where they enjoyed a picnic and luncheon.

Mr. and Mrs. L. Parente of San Francisco were visitors at Verano on Sunday.

Mr. and Mrs. Paul Vannucchi of San Francisco have been visitors at their Verano resort.

Last Sunday being an ideal day, a large crowd of week end parties from San Francisco visited Sonoma Valley. Agua Caliente and Fetters had many swimmers who enjoyed the plunge and tub baths.

L. Larbre is having built a new home on his acreage west of town.

Mr. and Mrs. A. B. Johnstone and Miss Edna Ammann of San Francisco were week end visitors with El Verano relatives.

Mr. and Mrs. P. Millitello and William Sutter were over Sunday visitors at the Sutter home here.

The Schellville items which appeared in the Index-Tribune last week were read with interest. The scribe from the southern district is some correspondent and we hope to read more of this wide awake news. Easy Jim has also appeared on the screen and a news district has successfully been formed to take the place of the much talked of fire district, defeated at the polls Monday.

J. Entleman, S. P. brakeman of Oakland, was autoing through the scenic Valley of the Moon Sunday.

John Plover, probation officer of Santa Rosa, was here one day last week on official business.

Mrs. W. Wohlson, formerly a resident of San Francisco, has taken up her residence at her Sonoma Vista home.

R. Kuhlman has been awarded the contract for the plumbing work on the Jensen home.

Mrs. R. Garrison of Sonoma was a passenger for Oakland one day last week, where she visited relatives.

Mrs. Gibson of Boyes Springs while going to the baths last week, slipped on a rock and fell and broke her arm. This is the second time the member has been broken. At this writing the patient is rapidly improving.

Milton Peterson has purchased of the Henry Norrbom agency a Chevrolet coupe. The new owner handles the wheel with cautiousness, class and dignity, and on the local highways the new road hound shows up well.

William Steinkamp, Mr. and Mrs. W. Bomhoff and daughter were motor visitors to San Francisco Saturday, returning home Monday.

Bert Barrickman and Charles Danieli were looking Sonoma Valley over Sunday and meeting the natives of the village.

Miss Lena Rovai, after a pleasant visit in Oakland with her sister, Mrs. P. Zampa, has returned to her home.

Mr. and Mrs. J. Chelini and daughter and Mrs. R, Gatto were guests at the Chelini home over Sunday.

Deputy Sheriff Bob Dickson of Santa Rosa passed through here last Friday, returning from a business trip to Napa.

Captain N. P. Larson of Sonoma Vista boarded the local S. P. Bullet for Berkeley last Friday, transacting business, and making the return trip the same day.

Mrs. M. Love (nee Mary McGill) of Antioch, is the guest for several days at the A. McGill residence.

The election Monday came out as we all expected. It was a foregone conclusion that the measure couldn't carry. A large number of voters from El Verano went over to Boyes Springs to cast their ballot. It looked so one sided all along that it was useless, in the writer's opinion, to take part in the battle.

Mrs. William Schultz was a week end visitor with San Francisco acquaintances.

Orville Hose, Sonoma newspaper man, boarded the S. P. train for Berkeley Saturday morning.

It is rumored that on July 1st Sonoma's third class post office will be elevated to a second class office. Post Office Inspector Smith of San Francisco was at the office last week making preparations for the transfer.

A carload of lumber shipped in from Oregon for the state highway contractors, is being unloaded here. The deal was made through the Mission Lumber Companyy

Mrs. A. Swensson and Mrs. Swain are enjoying the week as guests of San Francisco relatives.

Billy Kirby of San Rafael was saying hello to the natives Sunday. He was accompanied by his wife and children.

A house warming was held Wednesday evening at Mr. and Mrs. Civio's home at Boyes Springs, with a fine turkey dinner at 7 o'clock as the main event of the evening. Dancing, singing and a general good time was njoyed following the dinner. Those present were Mr. and Mrs. Frank Delfino, Mr. and Mrs. Lucia and family, Mr. and Mrs. Durmont and family, Mr. and Mrs. Carlsen and family,

## WHEN DO WE ORGANIZE?

The Chamber of Commerce urge is again strong within us and it is to be hoped that Sonoma is awake to the necessity of such organization and its possibilities, particularly after the enthusiastic speakers of last Monday evening.

A co-operative body working for community betterment and growth is more than ever necessary to Sonoma Valley, first because we are on the eve of accessibility through the State highway now building and can bring more people into this section if we are organized to make the effort to interest travelers and permanent settlers in coming this way; second, because we are on the eve of industrial development which can best be brought to successful climax throuugh the good offices and energies of a good community organization. Thirdly, Sonoma Valley has potential possibilities which can be more quickly and effectively developed through team work.

Our program could have for its objective the development of the poultry industry, including the incubator factory, the baby chick business and an egg packing plant; a fruit packing plant, particularly for prunes, might also be encouraged and developed.

Sonoma's modern and well kept cannery might be made operative.

Motion picture companies, not selling stock, but filming scenes of bona fide productions might be directed this way.

Our health resorts and a first class sanitarium where invalids and semi-invalids might be catered to could be encouraged and backed with capital which a promotion body might interest here.

Garbage disposal, fire protection, better roads, water and irrigation development could be studied and speeded. All such work properly belongs and can only be successfully carried out by a live Chamber of Commerce. If personalities can be submerged and Sonoma Valley will join hands for community welfare our town and valley will come to the fore and gain the recognition and assistance which other communities with Chambers of Commerce have been getting throughout California. Have we enough individuals throughout the Valley who will come to the fore for this purpose? The Index-Tribune believes we have and would welcome communications from any who are alert to the necessity of prompt organization.

## CALL A HALT! IT'S RIGHT

Sonoma's effort to call a halt to careless and reckless car drivers is to be commended. The growing percentage of accidents and risk among the motoring public and those who dodge cars instead of riding in them is appalling. This community has had its share of auto casualties and has not forgotten the fact that one malefactor was allowed to go untried, although a death resulted from the awful collision on one of our main roads, witnessed by several people. Arrest the speed fiend and if he is held on manslaughter or kindred charges, let him be brought to trial like any other killer.

Sonoma Valley and city should keep speed cops on the job and conspicuously display signs, "Motor laws strictly enforced here." Travel on our thoroughfares would be safer and far more enjoyable than contemplation of being hurled through the windshield or lying maimed and helpless under an overturned car. As for the pedestrian he more than prays for sane driving for he walks in the shadow of eternity every time he crosses the path of a careless or reckless motorist. No wonder he looks run down, whether he is or not;

## WHAT SHALL BE THE ANSWER?

(From The Manufacturer)

Archbishop Hanna, in speaking at the Union League Club in San Francisco, pleaded for a return to the political ideals of the founders of the republic and the principals of the constitution. And those principles are a strong national government for national purposes and loyalty to it, with the largest possible liberty to the States and their subdivisions in ordering their local affairs and to the individual the largest measure of personal liberty consistent with the preservation of an orderly society, in which person and property are safe.

## FAVOR CONSOLIDATED SCHOOL IMPROVEMENT

Editor, Sonoma Index-Tribune:

The jig is up. The progressive element won in the election of the consolidated Dunbar District. Leo Justi and Milton Johnson were elected against Thomas Johnson and Alice Behler. The opposition of the reactionary element was very active against the progressive trustees, resorting to a write-in campaign by refusing to put on the ballot the names of their candidates. The two elected trustees were members of the board since the consolidation of schools was voted on and worked very hard for a modern school, but were greatly opposed and hampered in their efforts by those who, in their ideas, are 50 years behind the times. They do not realize the injustice done to the children by the lack of a good school building. Good schools make good citizens and it is a crime to deny the children a decent, modern building where they can grow mentally and physically. All the great men in the educational field are ridiculing and working hard against one room shacks like Dunbar School The one, two and three room schools are a thing of the past. Now we want in the country graded schools with all the latest improvements and modern ideas. Because a child is born in the country he is denied the chances city children enjoy. We have no right to discriminate against them. Besides, a good school building with a nice auditorium will be a good thing for the whole community as a center of social and political life. I hope and trust that the progressive board of trustees that we now have will be successful in their endeavor to put up a good, modern school for the good of the children and the whole community as well.

## ABOUT THE MUD SLINGERS

(From The Manufacturer)

The people of this nation are witnessing a mud slinging contest in national affairs which is disgusting the average American with overdone partisan politics. If half the charges which are made are true, why are the accused not punished?

A public official is covered with political slime, forced to resign, the charges against him dropped and the mud guns turned on another victim.

This system does not seem honorable, just or fair. If continued, it will be impossible to get any man who cares for his family or his name to serve his country in a public office for regardless of guilt or innocence, political enemies can blacken him in such ways that it is practicallyy impossible for him to defend himself.

Statesmanship seems to be a thing of the past, except in rare instances and dirty, commercialized politics for the benefit of cliques, groups and blocs has taken its place.

The stingless bee which has been developed is all right, but why not develop a human species so it cannot be stung. The poor bee does not do all the stinging in the world by any means.

The Consolidated Motor Freight Lines, Inc., of Oakland, Calif., has solved its lubrication problem — by standardizing on Zerolene.

*Independent Tests Verify Claims*

Subjecting the anti-western oil superstition to the test of actual comparison in service, this Company verified independently our claims that Zerolene will lubricate the modern automobile engine as well or better than any oil on the market, irrespective of price, and whether of eastern or western origin. A part of their letter follows:

"During the past three or four years we have experimented with various brands of eastern and western lubricating oils, including Zerolene oil. The results of these tests have proved to our satisfaction that Zerolene lubricates our equipment with the greatest efficiency.

"Our recent decision to lubricate our trucks exclusively with Zerolene oils has resulted in the reduction to a minimum of mechanical difficulties which were due to faulty lubrication."

*Less Carbon—Better Gasoline Mileage*

Why pay tribute to a superstition? The use of Zerolene, of the proper body, will not only cut down your oil bill, but give you better continuous lubrication, and better lubrication means greater gasoline mileage, less carbon, lower upkeep costs, and a longer life for your car.

*Insist on Zerolene, even if it does cost less.*

## DEEPEST WELL IN NORTHERN CALIFORNIA

The Griffiths Oil Company Well No. 5 in the Berryessa District, Napa county, has nearly reached its objective—which is the 3400 foot level.

That this is the objective is borne out by the following statement published by the California State Mining Bureau in November, 1922: "It is extremely probable that a thorough prospecting of the area along these transverse folds by wells of sufficient depth to penetrate the oil-bearing formations will be rewarded by a highly remunerative production. The Griffiths Oil Company has a complete standard rig capable of drilling to a depth of 5000 feet at their Well No. 5 located on this structure, in what would be the E. ½ Section 7, T. 8 N., R. 3 W. At present this well is down 2000 feet at which depth there is some gas coming from the hole. Gas and showings of oil were encountered above this depth, but the principal oil-bearing formation is not expected to be reached under 3400 feet, and drilling in being continued." (See Bulletin "Mining in California.")

Well No. 5 is attracting statewide attention, as it not only received the commendation of the California State Mining Buearu, but also has been highly recommended by several leading geologists.

Three oil sands and large quantities of gas have already been encountered which indicate what may be expected when the objective is reached. Similar gas and oil streaks have been encountered in nearly all the big fields before the main sands have been reached.

Aftr six months' work and at a cost of thousands of dollars, a tremendous water pressure has been successfully shut off. Better to take six months to make effective shut off than to bring in oil and in six months have it drowned out by water.

Griffiths Oil Company stock has never been put on the market in large blocks, the policy being to sell only sufficient from time to time to carry on the work.

The company has been operating nearly two years. It owns leases on 5000 acres in the Berryessa district, on which it already has small production in its discovery well, as well as 1000 acres in the Sunburst Field in Montana.

The company owns machinery, casing and equipment valued at nearly $85,000, on which there is no mortgage.

It has drilled a well in Montana to a depth of 2665 feet, and Well No. 5 in Berryessa to nearly 3400 feet.

All this has been accomplished with the sale of but 172,000 shares of stock.

The company has practically 500 stockholders including the most representative merchants, professional men, bankers and farmers of Napa and vicinity, as well as many prominent business men of San Francisco and Sacramento. Most of these people have kept in close personal touch with the work, and the majority of them have bought stock the second and third time, yes and the fourth time.

The company is offering a limited block of stock at $1.00 per share. It is expected this will be sold in a very short time. Why? Because every issue heretofore has been sold, and conditions are more favorable today than ever before. Because two years' work is already done. Because the company has demonstrated its purpose is actual development, and its work speaks for itself. Because big acreage, low royalties, small capitalization mean big profits when the well is brought in.

The work is going forward rapidly and the well may be in by the time you read this announcement. Therefore, the company reserves the right to withdraw the stock from the market without further notice. Orders, accompanied by checks, which arrive in the mail at the time of withdrawal will be protected.

This announcement will appear but once in this paper. Today is the time for you to act.

## TO THE VOTERS OF SONOMA CITY

W. F. Clewe states that he is the only Treasurer who has ever collected interest from the banks for municipal deposits. His manner of handling the funds, which he inaugurated, has saved the city and average of $150 per year. Having shown his interest in the city's welfare, not only in this manner but in many other ways he feels he is entitled to re-election. Give him your vote on Monday.

MAKE YOUR YARD A BEAUTY SPOT!

When summer comes, what will you have, just a back yard or a fenced-in plot that is a real beauty spot?

There is nothing which adds so much to the outward appearance of a home, nothing that makes a place look quite so "homey" as plenty of green foliage combined with a few simple garden fixtures, such as a lattice or picket fence, an arched gate, an easily built pergola or arbor, a pergola swing, etc.

Such improvements are easily constructed, cost very little and add greatly to the looks and value of a home. Get busy now and have your yard ready for the first warm days.

Let us help you plan your improvements and give you prices. You will be under no obligation in doing so.

## THE BOYES SPRINGS CARNIVAL POSTPONED

At a meeting of the Boyes Springs Improvement Club Friday night of last week it was definitely decided to postpone the May Day Carnival until August 29th to September 1st inclusive. The new highway, work on which is now in full swing, will then be completed and the carnival in the fall will celebrate its completion as well as the rehabilitation of the Springs from the fire.

A dance for the benefit of the carnival fund and club house will be given shortly at Coney Island.

## H. J. OSTHER BUYS MELLON RESIDENCE

H. J. Osther, well known resident of Sonoma Vista, has purchased the handsome home and furnishings of the late Annie M. Mellon who died abroad some time ago. The house is located in Boyes Springs Park and no expense was spared in making it one of the beautiful country places of Sonoma county. The former owner was a well known figure in San Francisco life and left quite a fortune.

The Osther family including their grand-daughters, Miss Lola Adams and Miss Annie Lenardi, are to take possession of the beautiful property at once.

The realty deal was consummated by E. A. Wagner of Boyes Springs.

## CALLS MASS MEETING FOR FIRE PROTECTION

The executive board of the Sonoma Valley Improvement Club at a special meeting held Thursday, April 8th, passed a motion inviting all persons in the fire district to attend a mass meeting to be held at their club house at Fetters Springs, on Thursday evening, April 17th, at 8 p. m., to discuss the fire protection proposition. A full attendance is desired. Results have shown what co-operation can do for there is no resisting mass formation. The possibilities of such a meeting are far reaching and once formed an organization can become a force irresistible for the betterment of the Valley. Don't forget the date, Thursday, April 17, 8 p. m.

## WILL APPLETON'S DAUGHTER TO WED

Announcement cards were received Monday telling of the betrothal of Miss Lois Isabel Appleton, of Berkeley, to Everell LeBaron of Valley Ford.

Miss Appleton is the talented and beautiful daughter of Mr. and Mrs. Will Appleton of the college town and is a grand-daughter of Mrs. H. Appleton of Sonoma. She is a graduate of Miss Head's School and is a fine violinist.

Mr. LeBaron is the son of the late Mr. and Mrs. H. M. LeBaron and a brother of Clyde and Arthur LeBaron of the coast section, and a cousin of A. J. LeBaron of Santa Rosa.

The LeBaron family has been identified with leading affairs of the coast section for many years past, and Everell LeBaron, who graduated about a year ago from the University of California, is already making his place in the financial world. He returned quite recently from an extended European triy taken in company with several school mates. He is uniformly popular and his approaching marriage will be of much interest to hosts of friends of the LeBaron family.

## FINE EVENING AT METHODIST CHURCH

One of the most successful evenings in the history of the local M. E. church was that of last Sunday when the Gospel Team of Petaluma and 75 or 80 visitors were present. Speakers included Mr. and Mrs. R. H. Cockrane, Miss Rachel Thayer, Miss Pearl Foster, Roy Raymond, A. H. Thomas, H. Cockrane and Lloyd Thayer.

The address at the evening service was given by Noel H. Jack, prominent business man of San Francisco, who spoke on a "Working Creed for Everyone." Mr. Jacks, formerly eexcutive secretary of the Y. M. C. A. at Camp Fremont, spoke at the high school Monday morning.

## CARD OF THANKS AND CONGRATULATION

Personally, I wish to thank all of the election officers who so willingly assisted at the fire district election on last Monday, April 7th. I also wish to congratulate the people of the proposed fire district for their great victory and for the overwhelming majority by which they defeated the measure.

Trusting that all arguments and incidents that arose upon election day are a thing of the past and forgotten, and that we all remain loyal subjects of the Valley of the Moon, I am, respectfully,

CHIEF W. B. CAUSE,
B. S. V. V. F. D.

## CHURCH MAKING IMPROVEMENTS

Improvements contemplated at the Congregational church are now under way The Sunday school room is being enlarged and an annex built on the first floor. The church will also be repainted.

## VISITORS AT GOLF CLUB

Harry Speas, Dudley Sales and a party of 30 friends motored up on Sunday and spent the day at the Valley of the Moon Golf Club.

## PALM SUNDAY

Palm Sunday will be duly observed at the Methodist church at 11 a. m. The choir has prepared special music and the service will be appropriate to the theme, "Exhaltation of Christ." Public cordially invited.

Mrs. H. D. Burmester was in San Francisco and Oakland this week transacting business for her mother, who is still abroad and expects to spend the next two months in Switzerland. While in the bay cities, Mrs. Burmester visited her son, Harry Burmester, popular young insurance man of Oakland.

## DR. E. Z. HENNESSEY GOES TO HIS REWARD

(Continued from Page One)

ing spirit in local civic affairs, as well as one of the foremost physicians of Napa and the state of California. He was for many years closely associated with state and county political affairs and possessed an intimate acquaintance and strong influence among party leaders.

Years ago he served on the Board of City Trustees which has since been succeeded by the city countil. He served as trustee and also president of the board, which latter office is now designated as mayor. He served in this municipal capacity from 1890 to 1892.

His public life also calls to mind his services as a member of the Board of Managers of Napa State Hospital, of which he was chairman for many years.

He was appointed county physician in the early '90's and filled that position for several years. He was again appointed county physician several years ago and served as such up until the time of his death.

Soon after his arrival in this city and the establishment of his offices, Dr. Hennessey was selected as official physciian for the Southern Pacific Company, and he had held that position ever since. When the San Francisco, Napa and Calistoga Electric Railway entered Napa he was appointed physician of that company and served in that connection continually. He was also physician for the Monticello Steamship Company.

Another place filled by Dr. Hennessey was examiner for the Napa county pension board. And the many duties entailed in these several positions were conscientiously and efficiently looked after, in addition to the attention which he devoted to his extensive private practice.

In fraternal life, Dr. Hennessey was a charter member of Vallejo Lodge of Elks and also belonged to the following local orders: Knights of Columbus, Odd Fellows, Live Oak Encampment, Foresters, Druids, and Napa Sporting Club. He also held memberships in a number of medical men's societies.

Dr. Hennessey ranked high in his profession and his reputation as a surgeon and physician was far known and people came long distances to seek his advice and services. He belonged to the old school of physicians and particularly in pneumonia cases was he most successful. It was a well known fact that he had rarely lost a patient stricken with pneumonia

He was zealous in his work to the highest degree and once a patient came under his care he began a complete study of the characteristics of the particular case in hand. The ability he showed in defining the characteristics of a case years after it had come to his attention was indeed remarkable. No physician has ever shown a more personal interest in his profession than he.

He was ever endeavoring to broaden his knowledge of the science of medicine to be of greater usefulness to human kind and he was ever spreading the gospel of friendship and good will among those with whom he came in contact.

To the poor he was always most considerate and charitable. He never pressed collections of bills against families in financial straits and hundreds of accounts representing thousands of dollars were stricken from his books because of his sympathy for the less fortunate. His donations to charity affairs were always most generous.

Deceased accumulated a consiiderable fortune and invested extensively in valuable business, residence and ranch property. He possessed a progressive vision and kept up with the improvements of the times.

For many years he was a member of the directorate of the James H. Goodman & Company Bank in Napa. When that banking house was purchased by the Bank of Italy Dr. Hennessey became vice chairman of the advisory board of that institution.

Dr. Hennessey was a graduate of the University of Indiana. He resided there until he was about 25 years of age. rom Indiana he went to Arizona where he accepted a position as physician for the Santa Fe. Thence he came to Napa.

Deceased leaves to mourn him Mrs. Mary C. Robertson, Edwin Rand and Bertram J. Hennessey, and Mrs. Frances K. Boldt. Also one grandchild, Robert Hennessey.

# NOTICE OF SPECIAL ELECTION

Notice is hereby given that a special election will be held in the City of Sonoma on Monday, the 14th day of April, 1924, for the purpose of submitting to the qualified electors of said City, the proposition of whether or not Ordinance No. 161 of said City shall become effective Said Ordinance No. 161 is in words and figures as follows:

ORDINANCE NO. 161

**An Ordinance Providing for the Levy and Collection of a Special Tax for the Purpose of Providing and Maintaining Parks.**

The Board of Trustees of the City of Sonoma do ordain as follows:

Section 1. The Board of Trustees of the City of Sonoma are hereby empowered to and may levy and collect a tax, not exceeding fifteen cents ($0.15) on each one hundred dollars ($100.00) for the purpose of providing and maintaining parks, and for such other purposes allowed by law as said Board of Trustees may hereafter by ordinance provide.

Said special tax shall be used for the purpose of improving and beautifying the town parks and Plaza, and may be used and expended in any manner that may be deemed best by said Board of Trustees.

Section 2. Said tax shall be in addition to all other taxes now authorized by law to be levied, and shall be levied and collected for each fiscal year in the time and manner now or hereafter provided for the collection of other municipal taxes and shall be subject to the same penalties for delinquency and manner of enforcement.

Section 3. This ordinance shall not become effective until the same shall have been submitted to the electors of said City at a special election to be held in said City on Monday, the 14th day of April, 1924. Signed:

(SEAL) FRED BULOTTI
President of the Board of Trustees of the City of Sonoma.
Attest:
H. W. Gottenberg,
City Clerk.

The qualified electors of said city are hereby invited to vote for or against said Ordinance. If upon canvassing the votes cast at said special election it is found that a two-thirds (2-3) majority of the votes so cast are in favor of said Ordinance No. 161 the same shall become effective and the tax provided for therein shall be levied and collected and used in the manner provided therein.

The election precincts, polling places and election officers to conduct said special election and the manner of conducting same shall be the same as provided for the General Municipal Election to be held in said City on the said Monday, the 14th day of April, 1924.

This Notice is published pursuant to order of the Board of Trustees of the City of Sonoma.

Signed:
H. W. GOTTENBERG,
(SEAL) City Clerk.

## HIGH SCHOOL NOTES

The San Rafael high school's tennis team suffered a loss at the hands of Sonoma's team on their own court and Teddy Anthenian and Pierre Rouquie are headed on the high road to championship honors this year, as they were last. Anthenian won the singles from Armstrong of San Rafael 6-2, 6-4. Anthenian and Rouquie won the doubles 6-3, 6-3. In the afternoon the base ball teams of both high schools met San Rafael and lost with a score of 9 to 3. Sonoma was to have played Tomales high school April 5th, in both tennis and baseball but Tomales forfeited both games. Tomales is handicapped for material in athletic lines, because she is such a small school and has not many men to choose from.

The art class is making posters to be entered in the art contest being given by the Santa Rosa P. T. A. The object is to interest more people and students in the social problems of the day.

The girls while practicing for the coming sports meet to be held in Napa on May 3rd have discovered they have some splendid athletes, too, and that the boys are not the only ones who excell in sports. Anna Purcell and Elvira Bianchi stand out as best long distance base ball throwers among girls of the school. Beatrice Boyd shines in the 50 and 75 yard dash.

Clerks (2)—Harry Quartaroli and Ralph Hotz.

Each election officer aforenamed being an elector and resident of the consolidated voting precinct for which he or she is appointed. The compensation for each election officer is hereby fixed at Five Dollars for his or her services in said election.

Resolved, that a copy of this Resolution and Order be sent to each of the abovenamed officers.

I, the undersigned, hereby certify that the foregoing Resolution was duly and regularly introduced and adopted by the Board of Trustees of the City of Sonoma at a regular meeting held March 5, 1924, by the following vote, to-wit:

Ayes—Dobbel, Lindley and Bulotti.
Noes—None.
Absent—Bates and Lewis.
Attest:
H. W. GOTTENBERG,
(SEAL) City Clerk.

## EL VERANO NEWS

(Continued from Page Two)

Mr. and Mrs. Civio, James O'Herrin and Arthur Davis.

Work has started on the addition to the Parente Villa. Contractor Anderson is erecting the new structure, which will be made up of a number of rooms, kitchen and dining room. Miss Ann Isadore, who has had charge of the Boyes Springs Hotel for the past eight years, has leased this popular vacation resort which will be conducted along high class lines. The new de luxe hotel is one of the finest in the state, with all the latest improvements and we predict a large patronage this summer for the new lessee.

### BIRTHDAY PARTY FOR MR. EVERT

On April 3rd there was a lovely birthday party at the home of Mr. and Mrs. C. G. Evert on Napa street east in honor of Mr. Evert's birthday. The affair was a surprise gotten up by Mrs. Evert in honor of her husband who had forgotten it was his birthday and none of the guests were told what the occasion was until a big birthday cake was brought to the table. Then the secret was out and congratulations were the order of the day.

The table and house were beautifully decorated in spring flowers. After dinner a social afternoon was spent and cards and other games enjoyed. One of the guests, who is a wonder at fortune telling, read the past, present and future of those present and much fun was had. There was also a dainty supper served and the evening was spent in merry making. All present hoped Mr. Evert will live to celebrate many more such birthdays.

Those present were Mrs. C. F. Miller, Mr. and Mrs. W. Miller, Mrs. C. C. Cowgill, Mrs. Ricky, Mrs. S. J. Erazmus, Mr. and Mrs. C. G. Evert and Miss Ida Miller.

### MRS. GARONI WINS

A decision denying the petition of heirs to the Guiseppe Garoni estate seeking to set aside a previous court order assigning the entire estate to the widow, was handed down Tuesday by Superior Judge Ross Campbell. Ahearing in the case was held in the superior court several week ago.

### DECISION RENDERED IN SONOMA LAND CASE

Judge Ross Campbell rendered a decision in the suit of Timothy and Bridget O'Gorman against Herman Wachter, in which judgment is adverse to the latter.

The suit, tried before Judge Campbell several days ago, involved the alleged failure of Wachter to specifically perform a contract or agreement with reference to the purchase of a section of land from the O'Gormans, formerly the Bocca ranch.

Wachter paid a deposit of $1000 on the property but later refused to consummate the deal, despite the fact that the O'Gormans were in position to render him a clear title to the property in question

### DR. CHARLES VON GELDERN TO SPEAK

Tomorrow at 3 p. m. at Golden Gate Park in the auditorium of the Academy of Sciences, a lecture will be given by Dr. Charles von Geldern of Sacramento. His subject will be "Color Changes In the Skin of the Chameleon (Anolis Carolinensus").

A class in Americanization meets Tuesday and Friday nights at 8 o'clock at the Grammar School building, at which foreigners are taught to read and write English and other subjects necessary to receive naturalization papers. Instruction is free.

Mr. and Mrs. Deacon spent Monday in San Francisco. Mr. Deacon is the retired S. P. agent of Schellville.

Paul Foster, who resides at the big Foster ranch on the Lakeville road and which he has been conducting for some time, was a visitor to San Francisco Monday.

Two cottages are being built by Contractor M. Y. Hansen at Boyes Springs for C. Smith This makes the third cottage the enterprising Mr. Smith has put up since the fire.

Hazen Cowen, the rodeo star, was greeting friends here Sunday. Mr. Cowen, who is an experienced stock man, gave an interesting acount of conditions where the foot and mouth disease exists.

Victor Giorno is no longer with the Standard Oil Company and his place is being taken at present by Theodore Keiser.

Miss Ella Fox, former high school student, is going to Oakland to take a course as a trained nurse.

J. W. Minges of Boyes Springs has gone to Carmel, where he will visit relatives, including a great grandson.
